Niraj Dangaura

MERN Stack & React Native Developer

Email: mrnirajbro@gmail.com | Phone: +977-9765289399

Location: Bardagoriya RM, Kailali, Nepal

GitHub: github.com/tharucodingyt | LinkedIn: linkedin.com/in/tharu-niraj

Career Objective

I am a passionate MERN Stack and React Native app developer seeking an internship opportunity where I can learn from real-world projects and contribute meaningfully to a development team.

Skills

- MERN Stack (MongoDB, Express.js, React.js, Node.js)

- React Native & Expo

- JavaScript, TypeScript, Tailwind CSS

- Supabase, Firebase

- Git & GitHub, REST APIs

- Basic UI/UX Design

Projects

1. SecretAI (secretchatai.netlify.app)

   - SecretAI is an innovative web application designed to create personalized private rooms for users, enabling secure and seamless interactions powered by advanced AI technology.

   - Each user gets their own unique room where they can engage in AI-driven conversations, collaborate, or share content in a confidential environment.

   - SecretAI empowers users to experience AI-enhanced communication within their own safe

space, making collaboration and engagement smarter and more private.

2. School Website (mssbaskotinp.netlify.app)

   - I developed a full-stack website for my school to provide a seamless digital platform for students, teachers, and administrators.

   - The site features dynamic content management, secure user authentication, interactive dashboards, and real-time updates.

   - Built using modern web technologies on both the front-end and back-end, it enhances communication, improves resource accessibility, and streamlines school operations.

Education

Shree Mahunyal Secondary School, Bardagoriya, Kailali, Nepal

Grade: Class 12 (Technical Stream Student)

Expected Graduation: 2025

Languages

English, Nepali, Hindi
